

ELEFANT™ IGRUMA PRO

ELEFANT™ Igruma Pro is a powerful heavy-duty degreaser for the food and pharmaceutical industry. It effectively removes even the toughest rubber abrasion, heavy soot, oil and grease stains. This concentrated cleaner is suitable for use in cleaning machines and high-pressure devices. It works well on all alkali- and water-resistant surfaces. This modern product has a good environmental profile and is free of NTA, EDTA, phosphate and silicone. NSF A1 and A4 registered.

Dilution: Mix the concentrated cleaner with water 1-2%

Application: Apply the diluted solution to the surface using a cleaning machine, spray bottle, sponge, or a wet mop.

ELEFANT™ Igruma Pro comes in 10-liter containers (approx. 2.64 gal) and has a shelf life of 24 month.

For more technical details and information please consult our technical data sheet and material safety data sheet. Remember to always follow safety precautions, wear appropriate protective gear (such as gloves and eye protection), and dispose of any leftover solution properly.
